

# DC200-6 6V 200Ah

# Sealed Lead Acid AGM Battery

#### **Features**

#### DC Extreme Cycling Series:

- Designed for long life in high cycling applications where battery is required to discharge or power and operate the application on a routine basis.
- Proprietary precious metal additives are blended into the grid materials and refined (4BS) active material to optimize the structure increasing cycle-life, and reducing internal resistance. This makes the batteries cycle longer and charge better and faster, while extending overall life.
- 7-10 year service life in standby applications at 25° C temperatures.
- Cycles over 500 times at 60% depth of discharge yet will perform equally well in standby and other applications where both conditions are required.
- Valve Regulated Lead Acid (VRLA), Absorbent Glass Mat (AGM) Technology Safe operation in any position
- Lead-calcium alloy grids and the use of high purity virgin lead
- Externally sealed Flame retardant ABS case and cover to UL94-HB specifications
- UL recognized (UR) as a component in UL approved equipment installations under File number MH46202
- Classified as non-spillable status for transportation making it non-hazardous for normal transportation processes. Approved for transport by air. Fulfills US D.O.T., I.A.T.A., F.A.A., C.A.B. handling and shipping requirements

#### Specification

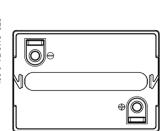

| Cell per unit              | 3  | Ambient Temperature                                |  |  |
|----------------------------|--|--|--|--|
| Nominal Voltage (V)        | 6  | Charge 0°C (32°F) to 40°C (104°F)                  |  |  |
| Nominal Capacity (Ah)      | 200Ah @ 20 ho <mark>ur rat</mark> e to 1.75vpc     | Discharge -15°C (5°F) to 50°C (122°F)              |  |  |
| Weight                     | Approx 29.63k <mark>g (65</mark> .32lbs.)          | Storage -1 <mark>5°C (5</mark> °F) to 40°C (104°F) |  |  |
| Internal Resistance (1KHz) | ≤4.0mΩ   | Max Charge C <mark>urren</mark> t                  |  |  |
| Max Discharge Current (5s) | 1080A  | Max charge c <mark>urren</mark> t 60A              |  |  |
| Battery Life               | Stand by : 7~1 <mark>0 years</mark>                | Cycle use: Charge voltage: 7.2 to 7.5V             |  |  |
| Terminal Type              | IT(F11)/NB(F16)                                    | Stand by: Charge voltage: 6.8 to 6.9V              |  |  |
| Container Material         | ABS 94-HB flame retardant case<br>(94V-0 Optional) |  |  |  |

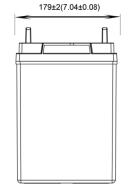

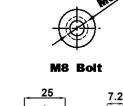

#### **Dimensions**

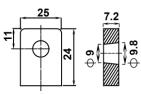

|               | Length     | Width     | Height    | Total Height |  |
|---------------|------------|-----------|-----------|--------------|--|
| Unit mm 259±1 |            | 179±1     | 245±1     | 273±1        |  |
| Unit inch     | 10.19±0.04 | 7.04±0.04 | 9.64±0.04 | 10.74±0.04   |  |
